

# AFRICAN TRANSCATHETER CONFERENCE (ATC)

**HONORARY PRESIDENT  
PROF. HAZEM KHAMIS**

**PRESIDENTS OF THE CONFERENCE**  
**PROF. AHMED ASHRAF EISSA      PROF. MOHEB MAGDY MOREES**

**SAVE THE DATE**

**30 MAY  
31 2024**

## Scientific Committee

Prof. Hazem khamis

Prof. Mervat Abu Elmaaty

Prof . Ahmed Ashraf Eissa

Prof.Moheb Magdy

Prof.Mohamed Saad

Prof.Ghada Kazamel

Prof. Ahmed Emad

Prof.Mohamed Nabeel

Prof . Hany samir

Prof.Khaled Mandour

Prof.Kareem Mandour

Prof.Ibraheem Yousry

Prof. Mahmoud Abdelbadea

## 30-05-24

Time		Session	Topic	Speaker	
9:00	10:00		Registration		
10:00	10:10		Welcome Address	Ahmed Ashraf Eissa	
10:10	10:40	EAHA –AFHRA Summit: Master EP Session	New Era of Cardiac Resynchronization Therapy:- Conventional Biventricular Pacing versus Left Bundle Branch Area Pacing.		
10:40	11:10		Subcutaneous ICD: Patient Selection & Considerations	Rania Hammoud	
11:10	11:40		Latest Evidence on Leadless Cardiac Pacing	Mohamed Nabeel	
11:40	12:10		LIVE in a BOX: LBBAP Cases	Moheb Magdy	
12:10	12:40		Atrial Fibrillation Ablation: A Guide for a Successful Procedure	Hazem Khamis	
12:40	13:10		Latest Evidence: RF versus Cryo AF Catheter Ablation	Omar Mostafa	
13:10	13:40		3D Mapping: VT Ablation	Reem Mohamed	
13:40	14:10		LIVE in a BOX: AF Catheter Ablation Cases	Ahmed Ashraf Eissa	
14:10	14:20			Open Discussion	
14:20	14:40		Medicine Updates Review session	Updates on diabetes	Dina EL Naggar
14:40	15:10	Updates on chronic kidney disease		Hebatallah Attia	
15:10	15:40	Updates on cardiometabolic syndromes and liver diseases		Hossam Hassan	
15:40	16:10	Updates on cardiometabolic syndromes and endocrinal disorders		Amr Youssef	
16:10	16:40	Medical Practice and humanities		Ayman Maher	
16:40	17:00	AstraZeneca Symposium Heart failure revolution without HK compromises		Tamer Mostafa	
17:00	17:20		Coffee Break		
17:20	17:40	Guidelines in treatment of chronic heart failure	Rapid Sequence, Simultaneous, or In-hospital Initiation of GDMT for HF?	Mohamed Abdelkader	
17:40	18:10		GDMT in patients with declining renal function?	Magdy Abdel Hamid	
18:10	18:40		GDMT in patients with improved ejection fraction?	Haitham Badran	
18:40	19:00		Menarini Symposium		
19:00	19:20		Iron deficiency in heart failure: treatment in acute and chronic HF	Mahmoud Hassanein	
19:20	19:40			Open Discussion	
19:40			Closing & Dinner		

## 31-05-24

Time		Session	Topic	Speaker	
10:00	10:30	Medicine Updates review Session 2	Sudden cardiac Death among Athletes	Hazem Khamis	
10:30	11:00		Updates on heart failure	Moheb Magdy	
11:00	11:30		Updates on Ischemic Heart Diseases	Hany Abdelmassih	
11:30	12:00		Updates on Cardiac Amyloidosis	Ahmed Ashraf	
12:00	12:30		Amyloidosis and Autoimmune Rheumatic Diseases	Reem Hamdy	
12:30	12:40			Open Discussion	
12:40	13:00			Coffee Break	
13:00	14:00			Friday Prayer	
14:00	14:20	workshops,Coronary track calcification management Rotablator, and IVL	Case 1 ,FFR in multiple lesions in NSTEMI	Hamdy Soliman	
14:20	14:40	1- different way to assess lesion severity in ACS, CCS and management	Case 2,IVUS for assessing STEMI apparently non significant lesion	Basma Nabeel	
14:40	15:00		Case 3,Cath techniques for quantitate measurement of lesions in doubt	Amir Anwar	
15:00	15:20	2-tool box for management of non-crossable lesion	Case 4,FFR for non culprit STEMI lesion what is in 2024	Hossam Esmail	
15:20	15:40		case 1 ,changing access and guiding support	Fatma Ahmed	
15:40	16:00		case 2 ,different wire changes to cross	Reem Mohamed	
16:00	16:20		case 3 ,different balloon to cross	Omar Mohamed	
16:20	16:40		case 4 ,different techniques to cross	Ahmed Khairy	
16:40	17:00		3-tool box for management CTO PCI complication	AstraZeneca Symposium Causality between LDL-C and ASCVD and effective strategyfor LDL-C lowering	shady Hussein
17:00	17:20	case 2 ,where true lumen		Mostafa Mohamed	
17:20	17:40	case 3 ,limited resource I can not stop		Ahmed Ibrahim	
17:40	18:00	case 4 ,perforation may be alternative complications anti grade case complication retrograde case		Mohamed Abelbaset	
18:00	18:20	4-cardiogenic shock management tool box	case 1 ,complex PCI in cardiogenic shock using ecmo	Ahmed EL Tahawy	
18:20	18:40		case 2 ,LM unprotected in patient with HFrEF	Hany Ebied	
18:40	19:00		case 3 ,revascularization in cardiogenic shock	Hatem Helal	
19:00	19:20		Open Discussion		
19:20			Closing & Dinner
