FACULTY OF MEDICINE

Welcome Message

On behalf of the Organizing Committee and the entire academic community of **Benha Faculty of Medicine**, it is our great honor and privilege to welcome you to the **Annual Medical Conference of Benha Faculty of Medicine**.

This year's conference holds exceptional significance as it coincides with the Golden Jubilee of our Faculty—a remarkable milestone celebrating fifty years of excellence in medical education, scientific research, healthcare service, and community engagement. Since its establishment in 1975, Benha Faculty of Medicine has grown into a distinguished academic institution through the dedication, vision, and perseverance of successive generations of faculty members, students, healthcare professionals, and administrative staff. Their collective efforts have shaped a legacy of excellence that continues to inspire our future.

The theme of this year's conference, "**Honoring the Past, Shaping the Future**," reflects both our pride in the achievements of the past and our commitment to advancing medical science, education, innovation, and patient care. It provides an outstanding platform for multidisciplinary scientific exchange, bringing together experts from various medical specialties to present cutting-edge research, share clinical experience, and discuss emerging developments that will shape the future of healthcare.

We are especially proud to continue encouraging the active participation of our students, whose enthusiasm and scientific curiosity represent the future of our profession. Their contributions during the **Fourth Annual Student Scientific Conference**, held in conjunction with the main conference, demonstrate the faculty's enduring commitment to nurturing the next generation of physicians, surgeons, and medical scientists.

We extend our sincere appreciation to our distinguished speakers, guests, researchers, sponsors, organizing committees, and all participants whose dedication has made this conference possible.

We wish you a productive, inspiring, and memorable conference, and we sincerely hope that your time at **Benha Faculty of Medicine** will be both professionally rewarding and personally enjoyable.

Welcome to Benha Faculty of Medicine and thank you for being part of this historic Golden Jubilee celebration.

Conference President
Prof. Mohamed Elashhab
